Progressive International Electronics, Inc.
Current Loop to PiPort Adapter
9000-16-0012

This cable is used to connect Progressive International Electronics' RS485 Smart DBox (Part # 9000-14-2620) using Gilbarco Emulation to any DBox or controller running Gilbarco protocol with a Current Loop interface. This includes PIE's CL Smart DBox (Part # 9000-14-2621) as well as other manufacturers' products.
